Schools and Academies

# Schools and Academies

Devon Audit Partnership (DAP) provides professional services and we distinguish ourselves through our detailed understanding and appreciation of the challenges facing our clients today.

We provide a high quality, professional and valued service to both Maintained and Academy school customers, bringing added value to clients and stakeholders.

We are dedicated to maintaining and strengthening our position as a leader in providing quality internal audit services and assurance to schools, governors, staff and pupils, through a staff of highly experienced and enthusiastic people, sharing a tradition of integrity and rigorous service to our clients.

**We can offer our full range of services to the education section including:**

- Internal Audit
- Risk Management
- Consultancy
- Information Systems Assurance
- Cyber Security
- Fraud Services
- Governance Reviews

**Our clients say:**

We found the process to be supportive, incisive and professional – our auditor was super and gave useful advice as well as analysing our performance across the criteria, a week after an Ofsted, this was appreciated!

The audit added value in that we were able to further strengthen our systems. It was a very fair and informative audit process.

Support, Assurance & Innovation
